29"

The unit's work surface sits 5" higher than a standard Kennedy Industrial roller cabinet and the taller drawers allow for better organization of the larger-sized tools that maintenance technicians typically use.

Roller Cabinet Features

- Constructed with inverted 14 gauge bottom pan for stability and function
- Equipped with black drawer pulls, black end handle, rubber top mat, and drawer liners
- 6x2 casters that hold 700 lbs per caster
- High security tubular lock

Chest Features

- From the first drawer to the bottom drawer, drawer placement is strategically placed so it compliments the 295MP roller cabinet.
- Equipped with black drawer pulls, drawer liners, plate & bale steel side-carry handles, and top mat
- High security tubular lock

295MP 5 Drawer Roller Cabinet
