REGISTRATION

Keep Your Kennedy® Operating Like New

Slides - A light coating of oil on the friction slides will preserve and provide easy movement of parts.

Cleaning of Finish - Your Kennedy® wrinkle finish unit can be cleaned periodically with WD-40® or Murphy® Oil Soap. Smooth finish units should be cleaned with a soft cloth, dampened with warm water.

Have You Registered Your Kennedy®?

Go to **https://buykennedy.com/support/product-registration/** and follow the prompts to file your registration online and to note your key number for any future need.

Limited Warranty

Full Warranty Statement: **https://buykennedy.com/support/warranty-returns/**

Limitation Of Liability

To the extent allowable under applicable law, Kennedy's liability for consequential and incidental damages is expressly disclaimed. Kennedy's liability in all events is limited to , and shall not exceed, the purchase price.

MAINTENANCE PRO™

29” CABINET & CHEST

The roller cabinets work surface sits 5” higher than a standard Kennedy Industrial roller cabinet and the taller drawers allow for better organization of the larger-sized tools that maintenance technicians typically use.

295MP

Roller Cabinet Features

- Constructed with inverted 14 gauge bottom pan for stability and function
- Equipped with black drawer pulls, black end handle, rubber top mat, and drawer liners
- 6x2 casters that hold 900 lbs per caster
- High security tubular lock

Chest Features

- From the first drawer to the bottom drawer, drawer placement is strategically placed so it compliments the 295MP roller cabinet.
- Equipped with black drawer pulls, drawer liners, plate & bale steel side-carry handles, and top mat
- High security tubular lock

Kennedy knows how important your field of work is and the importance of having a work center that is both productive and functional.

YOUR BOX CAN MAKE YOU MONEY OR COST YOU MONEY!

HOW DOES THIS COMPUTE?

- Searching for tools = Loss of productivity
- Missing Tools = High cost of tool replacment
- Tool Box Replacement = Buy it once, buy it for life
- Organization = Committed to your craft and a committed employee

NOTES

Kennedy would like to be your resource for tool storage solutions, but we also love seeing how our products are used. Share your ideas, upload images of your toolboxes and share a testimonial or two about your experience with Kennedy tool storage. The more you share, the more people such as yourself will be able to see other useful ways they can stack and add to their existing boxes.

KENNEDY®
Industrial Grade. American Made.™ Since 1911.

Beautiful tool box as well made or better than my last Kennedy tool box.
I bought it because it's made in the USA. ~ Carl

I'm a 35 year machinist and have used Kennedy my whole career...bottom box is 7 drawer. My top box is 7 drawer also with riser in between. My tool box has helped me get jobs several times. These boxes are the sign of experience. ~ Mike

This is my 10th Kennedy tool box that I own. I guess you can tell I like your products. Thank You. ~Tim

I have owned a Kennedy-Kit toolbox since 1968. Even though they weren't really design for masonry tools, the boxes are the best I could find. I never once, had one to leak and take on water. In the construction field that is almost a miracle, and to this day, I own ten Kennedy-Kit toolboxes. Thank you for a great product! ~Dave
